

HYDRAULIC ELEVATING CARTS

MATERIAL HANDLING

- Capacity: 750 lbs.
- Platform Height: 15-1/2 -35-1/2"
- Platform WxD: 20x32"

> FACTORY QUICK SHIP

DESCRIPTION:

Portable ergonomic VESTIL Hydraulic Elevating Carts minimize worker bending and lifting. Material can be easily loaded onto lift table, lowered to safe transporting height, and raised to unload at destination. Foot pump includes a soft-lowering valve. 20 pumps completely raises top. Move easily on four polyurethane casters, two swivel with brakes and two rigid. All models feature an internal hydraulic velocity fuse in each cylinder. Chrome-plated deck.
